OUR Co-operative Academies Trust

CCTV Policy

1. Introduction

- 1.1 OUR Co-operative Academies trust uses closed circuit television (CCTV) images to reduce crime and monitor the school buildings in order to provide a safe and secure environment for students, staff and visitors, and to prevent the loss or damage to Academy property.
- 1.2 The system comprises of a number of fixed & movable cameras.
- 1.3 The system does have sound recording capabilities but this is not in use.
- 1.4 The CCTV system is owned and operated by the Academy, the deployment of which is determined by the Academy IT Services Team.
- 1.5 The CCTV is monitored centrally from the Academy office.
- 1.6 The introduction of, or changes to, CCTV monitoring will be subject to consultation with staff and the Academy governors.
- 1.7 The Academy's CCTV Scheme is registered with the Information Commissioner under the terms of the Data Protection Act 1998. The use of CCTV, and the associated images and any sound recordings, is covered by the Data Protection Act 1998. This policy outlines the Academy's use of CCTV and how it complies with the Act.
- 1.8 All authorised operators and employees with access to images are aware of the procedures that need to be followed when accessing the recorded images and sound. All operators are trained by the IT Services team in their responsibilities under the CCTV Code of Practice. All employees are aware of the restrictions in relation to access to, and disclosure of, recorded images.

2. Statement of Intent

- 2.1 The Academy complies with Information Commissioner's Office (ICO) CCTV Code of Practice to ensure it is used responsibly and safeguards both trust and confidence in its continued use. The Code of Practice is published at:

http://www.ico.gov.uk/~media/documents/library/Data_Protection/Detailed_specialist_guides/CO_CCTVFINAL_2301.ashx
- 2.2 CCTV warning signs will be clearly and prominently placed at all external entrances to the Academy, including Academy gates and fences if coverage includes outdoor areas. Signs will contain details of the purpose for using CCTV. In areas where CCTV is used, the Academy will ensure that there are prominent signs placed at both the entrance of the CCTV zone and within the controlled area.
- 2.3 The planning and design has endeavoured to ensure that the Scheme will give maximum effectiveness and efficiency but it is not possible to guarantee that the system will cover or detect every single incident taking place in the areas of coverage.

OUR Co-operative Academies Trust CCTV Policy

3. Siting the Cameras

- 3.1 Cameras will be sited so they only capture images relevant to the purposes for which they are installed (described above) and care will be taken to ensure that reasonable privacy expectations are not violated. The Academy will ensure that the location of equipment is carefully considered to ensure that images captured comply with the Data Protection Act.
- 3.2 The Academy will make every effort to position cameras so that their coverage is restricted to the Academy premises, which may include outdoor areas.
- 3.3 CCTV could be used in classrooms but is currently not.
- 3.4 Members of staff should have access to details of where CCTV cameras are situated, with the exception of cameras placed for the purpose of covert monitoring.

4. Covert Monitoring

- 4.1 The Academy may in exceptional circumstances set up covert monitoring. For example:
 - i) Where there is good cause to suspect that an illegal or unauthorised action(s), is taking place, or where there are grounds to suspect serious misconduct;
 - ii) Where notifying the individuals about the monitoring would seriously prejudice the reason for making the recording.
- 4.2 In these circumstances authorisation must be obtained from a member of the Academy management team.
- 4.3 Covert monitoring must cease following completion of an investigation.
- 4.4 Cameras sited for the purpose of covert monitoring will not be used in areas which are reasonably expected to be private, for example toilets.

5. Storage and Retention of CCTV images

- 5.1 Recorded data will not be retained for longer than is necessary. While retained, the integrity of the recordings will be maintained to ensure their evidential value and to protect the rights of the people whose images have been recorded.
- 5.2 All retained data will be stored securely.

6. Access to CCTV images

- 6.1 Access to recorded images will be restricted to those staff authorised to view them, and will not be made more widely available.

7. Subject Access Requests (SAR)

- 7.1 Individuals have the right to request access to CCTV footage relating to themselves under the Data Protection Act.
- 7.2 All requests should be made in writing to the Principal. Individuals submitting requests for access will be asked to provide sufficient information to enable the footage relating to them to be identified. For example, date, time and location.

OUR Co-operative Academies Trust CCTV Policy

- 7.3 The Academy will respond to requests within 40 calendar days of receiving the written request and fee
- 7.4 A fee of £10 will be charged per request or as otherwise agreed with the Academy Management Team.
- 7.5 The Academy reserves the right to refuse access to CCTV footage where this would prejudice the legal rights of other individuals or jeopardise an ongoing investigation.

8. Access to and Disclosure of Images to Third Parties

- 8.1 There will be no disclosure of recorded data to third parties other than to authorised personnel such as the Police and service providers to the Academy where these would reasonably need access to the data (e.g. investigators).
- 8.2 Requests should be made in writing to the Principal.
- 8.3 The data may be used within the Academy's discipline and grievance procedures as required, and will be subject to the usual confidentiality requirements of those procedures.

9. Complaints

- 9.1 Complaints and enquiries about the operation of CCTV within the Academy should be directed to the Principal in the first instance.
